▲	Position only no monument found or set.
( )	Record information from survey 56-73.
[ ]	Record information from survey 22-89.

NARRATIVE

This survey was ordered by John Collins on behalf of R.D. Mac Inc. The purpose of the survey is to monument a lot line adjustment that is to take place between R.D. Mac Inc. and Dale Wolford. Mr. Wolford will acquire the tract shown on this survey.

I use the found monuments from survey 56-73 to establish the North and West lines of this tract. The W-E 1/64 corner, which is the Southwest corner of this tract was placed by proportionate method between the North 1/4 corner and the Southeast section corner of Section 33. Survey 25-84 was used to place the North 1/4 corner. The east line was placed parallel and 150 feet from the west line as directed by Mr. Collins.
