NOTICE OF LOCATION OF WATER RIGHT.

NOTICE is hereby given to all whom it may concern, that the undersigned, T.R.Berry and J.K.Romig, whose office and place of business is No.2033 Front Street, Baker City, Oregon, have this day located and appropriated one hundred and twenty thousand (120,000) inches miner's measure under six inch pressure of the water of the Grande Ronde River at a point where this notice is posted thereon being a point on the west bank of said stream below the mouth of the Wallowa River in Township 3 North, Range 40, East of the Willamette Meridian, in Section _____ of said Township, in Union County, State of Oregon. That T.R.Berry and J.K.Romig intend to construct, erect and maintain in and across said Grande Ronde River at the said point, a dam and headgate for the diversion of said water to the extent of 120,000 inches miner's measure under six inch pressure (estimated to be equivalent to three thousand second feet), and to build and construct from said point of diversion a ditch, canal, flume or pipe line to convey the water so located and claimed. The headgate of said canal shall be not less than ten (10) feet in depth by sixty (60) feet in width, or of like area in cross-section. The course of said ditch, canal, flume or pipe line will be in a general northwesterly direction to a point near the Southeast Corner of Township 7 North, Range 37 East of the Willamette Meridian, in Walla Walla County, State of Washington, from which point it is intended to conduct said water by means of ditches, flume and pipe lines, and by means of lateral and distributing ditches, flumes and pipe lines, to various portions of Southeastern Washington, and Umatilla County, Oregon, and to use, sell and dispose of said water for irrigating and domestic uses and power purposes. Further, to use said water and the fall and momentum thereof for the generation of electric power for general lighting and power purposes.

NOTICE is hereby given to all whom it may concern that the undersigned, T.R.Berry and J.K.Romig, whose office and place of business is No.2033 Front Street, Baker City, Oregon, have this day located and appropriated one hundred and twenty thousand (120,000) inches miner's measure under six inch pressure of the water of the Grande Ronde River at the point where this notice is posted thereon, being a point on the west bank of said stream below the mouth of the Wallowa River in Township 3 North, Range 40, East of the Willamette Meridian, in Section _____ of said Township, in Union County, State of Oregon. That T.R.Berry and J.K.Romig intend to construct, erect and maintain in and across said Grande Ronde River at the said point, a dam and headgate for the diversion of said water to the extent of 120,000 inches miner's measure under six inch pressure (estimated to be equivalent to three thousand second feet flow), and to build and construct from said point of diversion a ditch, canal, flume or pipe line to convey the water so located and claimed. The headgate of said canal shall be not less than ten (10) feet in depth by sixty (60) feet in width, or of like area in cross-section. The course of said ditch, canal, flume or pipe line will be in a general northerly direction to a point near the Southeast Corner of Township 9 North, Range 40, East of the Willamette Meridian, in Columbia County, State of Washington, from which point it is intended to conduct said water by means of ditches, flume and pipe lines, and by means of lateral and distributing ditches, flumes and pipe lines, to various portions of the valleys in Southeastern Washington, and Umatilla County, Oregon, and to use, sell and dispose of said water for irrigating and domestic uses and power purposes. And further, to use said water and the fall and momentum thereof for the generation of electric power for general lighting and power purposes.

The point at which it is proposed to erect the headgate for said ditch or canal is on the west bank of the Grande Ronde River below the mouth of the Wallowa River, in Union County, Oregon, in Section 14 Tp.3 N., R. 40, E.W.M. The said T.R.Berry and J.K.Romig are the owners of said appropriation and of the said proposed ditch and canal. The name of the said ditch and canal shall be "OREGON AND WASHINGTON CANAL". The number of miner's inches of water measured under six inch pressure intended to be appropriated under this notice, and to be diverted by said dam, headgate and canal is 120,000 miner's inches, estimated to be equivalent to 3,000 second feet flow.

The point at which it is proposed to erect the headgate for said ditch or canal is on the west bank of the Grande Ronde River below the mouth of the Wallowa River, in Union County, Oregon, in Section _____ Tp.3 N., R. 40, E.W.M. The said T.R.Berry and J.K.Romig are the owners of said appropriation and of the said proposed ditch and canal. The name of the said ditch and canal shall be "OREGON AND WASHINGTON CANAL". The number of inches of water measured under six inch pressure intended to be appropriated under this notice, and to be diverted by said dam, headgate and canal is 120,000 miner's inches, estimated to be equivalent to 3,000 second feet flow.

This notice is posted in a conspicuous place on the west bank of the said Grande Ronde River, at a point near North Boundary Sec 14, Wallowa River in Section 14, Tp.3 N., R. 40, E.W.M., and at the point of diversion of said water selected by T.R.Berry and J.K.Romig.

This notice is posted in a conspicuous place on the west bank of the said Grande Ronde River, at a point near North Boundary Sec 14, Wallowa River in Section 14, Tp.3 N., R. 40, E.W.M., and at the point of diversion of said water selected by T.R.Berry and J.K.Romig.

Done and dated on the ground this 5th day of February 1907.
