

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

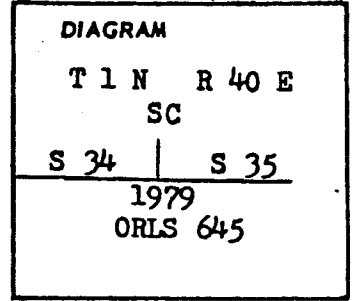

History of original corner establishment:

Corner established in 1863 by Timothy W. Davenport, Deputy Surveyor under Contract No. 102.

Surveyor General's records states:

Set post, cor. to secs. 34 and 35. Made mound of rock.

Z-17

Description of corner evidence found:

At assumed corner location I found mound of basalt stone. Mound of stone has hollow center as if a post had been in the mound.

Found a stone 16 x 8 x 8" upright in mound; appeared to have been set in place or alongside the original wooden post which has long since rotted away.

Description of monument and accessories I established to perpetuate the original location of this corner

I set a 2" galv. iron pipe with brass cap approx. 12" above surface of ground in a mound of stone 3 ft. dia. and 1 1/2 ft. high. Cap stamped as shown above.

No bearing trees available.
