History of original corner establishment:

Corner ESTABLISHED by W. B. Barr under GLO Contract No. 355 dated June 14, 1880, and his record states:

 A fir 24 ins diam bears S58°W, 64 lks dist marked 1/4 S BT.
 A willow 4 ins diam bears S56°E, 10 lks dist marked 1/4 S BT.

Description of corner evidence found:

Found stone 16 x 10 x 6 ins on lower side of a 15" diam white fir which has grown out of a rock mound surrounding the corner stone. The center of said white fir is the true corner point, from which:
 A rotting fir stub 8' high 27" diam (less bark) mkd 1/4S on small rotting-lichen covered face - this tree died shortly after scribing - brs S58°W, 66 lks dist per record.
Note: Upon return to this corner for remonumentation the previously recovered bearing tree stub had fallen downhill and is mostly deteriorated - the blaze which had pitched over is still intact & barely legible.

Description of monument and accessories established to perpetuate the original location of this corner:

At position of found stone mound in center of white fir...
 The 15" diam white fir was felled & the stump cut flush with ground level. A 5/8" x 30" rebar was driven through the center of sawed stump flush with the top & a 1 1/2" diam aluminum cap attached to rebar mkd as shown in corner diagram. A substantial rock mound was constructed around stump.
