

**CERTIFIED RECORD OF LAND CORNER MONUMENTATION**

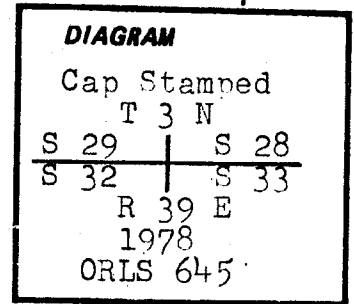

V-9

**History of original corner establishment:**

Survey was performed by Rufus Moore, Deputy Surveyor under Contract No. 437, dated June 3, 1882. He set a basalt stone 10" x 8" x 8" for the section corner common to sections 28, 29, 32 and 33, T 3 N R 39 E WM.

The bearing trees were:

- A pine 24" dia. bears N 60 E, 53 lks. dist. scribed T 3 N R 39 E S 28 BT.
- A fir 24" dia. bears S 84 E, 62 lks. dist. scribed T 3 N R 39 E S 33 BT.
- A fir 6" dia. bears S 45 W, 9 lks dist. scribed T 3 N R 39 E S 32 BT.
- A fir 20" dia. bears N 60 W, 30 lks. dist. scribed T 3 N R 39 E S 29 BT.

**Description of corner evidence found:**

- Found a basalt stone 10" x 8" x 8" on surface of ground, with 1 notch on the south face and 4 notches on the east face and an x notched in the top of the stone.
- I found a 28" pine stump in Section 28 with scribing on the stump.
- I found a 30" fir tree dead with the face grown over in Section 33.
- I found a 14" pine alive and the face chopped out to expose the scribing being in Section 32 instead of a fir as the GLO notes described.
- I found an approx. 20" fir stump with evidence of scribing located in Section 29.

**Description of monument and accessories I established to perpetuate the original location of this corner:**

- I set a stamped 2 1/2" brass cap on a 30" galv. iron pipe at the section corner location and buried the stone upside down along the west face of the monument.
- I then set new bearing trees as follows:
- A pine 8" dia. bears N 14E, 56.7 feet (slope distance) and scribed T 3 N R 39 E S 28 BT.
- A pine 10" dia. bears S 58 E, 68.1 feet (slope distance) and scribed T 3 N R 39 E S 33 BT.
- Original bearing tree a pine, now 14" dia. bears S 45 W, 5.95 feet with original scibing grown over but chopped out in order to verify.
- A fir 11" dia. bears N 25 W, 19.0 feet (slope distance) and scribed T 3 N R 39 E S 29 BT.
