Corner originally established by David T. Thompson under GLO contract number 103, dated September 3, 1863. Surveyor General record states:

Proportionate position was originally used on Survey No. 5-80, with surveys 21-83, 10-84, 31-84, 22-88, 29-89, and 034-1991 using survey number 5-80 as a basis.

No record of subsequent monumentation found in Union County survey records.

Description of corner evidence found:

Found no evidence of the original corner monument.

Description of monument and accessories I established to perpetuate the

original location of this corner: At proportionate position, determined by survey, I set a  $2\frac{1}{2}$ " x 30" aluminum pipe with aluminum cap marked as shown, 28 inches in the ground, from which:

New Bearing Objects;

- A  $\frac{5}{8}$ "x30" iron pin with 2" aluminum cap marked SE RP bears S43°E, a distance of 23.95 feet
- A  $\frac{5}{8}$ "x30" iron pin with 2" aluminum cap marked SW RP bears S43°W, a distance of 25.74 feet
- A  $\frac{5}{8}$ "x30" iron pin with 2" aluminum cap marked NW RP bears N34°W, a distance of 11.55 feet

The Northwest and Northeast bearing objects are in an existing East-West fence line. The Southeast bearing object is on the North bank of Murphy Creek and the Southwest bearing object is on the South bank of Murphy Creek

Raised a small mound of stone around monument.

I hereby certify that the above corner point was perpetuated as hereon described on June 10, 1992.
