Description of corner evidence found:

No evidence of original corner could be found. A dilligent search was made before the survey and after the corner position was determined.

A tree was marked by the U.S.F.S. as being a possible BT. It is about 100' Northeast of corner position and possible blaze is in the wrong quadrant. Also a Fir instead of Spruce.

Corner falls in a recently logged area, about 500' North of a road.

Description of monument and accessories I established to perpetuate the original location of this corner:

At single proportionate measurement from found corners, set 2½" x 30" galvanized pipe with brass cap marked: Set pipe 24" in the ground.

No rock in the area.
