

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

DIAGRAM

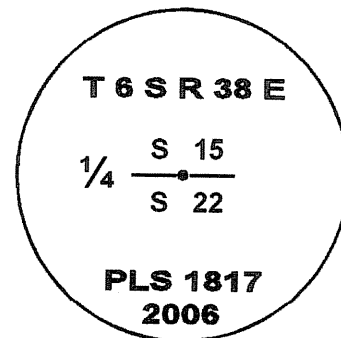

History of Original Corner Establishment:

The original corner was set by W.B. Barr, U.S. Deputy Surveyor, under Contract No. 388, dated May 7th, 1881.

The original notes state:

Marked basalt rock 12 x 8 x 6 for 1/4 sec corner. Raised mound of rock as per instructions.

Union County Survey No. 008-1994 states that this corner was searched for but not found. A 5/8" x 30" iron rod with a plastic cap marked D.L.T. & ASSOC., LS 1362 was set by single proportionate measure.

Description of Corner Evidence Found:

Found 5/8" rebar with yellow plastic cap marked "DLT ASSOC 1362" at a new fence corner. Fences run North and East from said corner. This position is not accepted as the South quarter corner of Section 15.

An extensive search was made for the basalt rock set by W.B. Barr, but the stone was not found, therefore the corner is deemed obliterated. I accept an old fence corner as the best local evidence of the location of the South quarter corner of Section 15. Fence remnants were retraced East from said fence corner for a half of a mile along the South line of the Southeast quarter of Section 15, and North from said fence corner for one mile along the North-South mid-section line of Section 15. These fences relate well with historic land ownership patterns for the area.

Description of Monument and Accessories I Established to Perpetuate the Original Location of the Corner:

Set a 2 1/2" diameter brass cap, stamped as shown in the diagram above, on a 1" x 30" galvanized pipe, North of the fence post at the old North-East fence corner.

Corner Monument References:

A 5/8" x 30" rebar with orange plastic cap marked "REFERENCE MONUMENT" bears N. 31° E., 4.64 feet, set flush with the ground.

A 5/8" x 30" rebar with orange plastic cap marked "REFERENCE MONUMENT" bears N. 40° W., 4.69 feet, set flush with the ground.

Reference monuments set with a staff compass and steel chain.

I, Thomas J. Hanley certify that this corner was properly reestablished by myself as witnessed by Kirby Danford on May 22, 2006.
