Aug 24 th 1882

Mr Woodell,

In my talk with you concerning our roads, I ~~forgot~~ to tell you there was a portion of the old road running parallel with the road now being ~~so~~ viewed only three quarters of a mile distant. Said part of the old road is not dead, for it has been travel for the last fifteen years, & there never has been an obstacle in the way. These facts we can prove & it can not be proven to the contrary. Also the men who are viewing the road all have their names on the petition, and are personally interested in the road. When they come to make their report ask them if the old road running West from Olo Dedrickson's gate & the new one remaining along the north line of Jim Holstine's Ranch are a mile apart. If the road is granted we are going to have a lawyer take hold of it, & investigate the matter. I have reference to the road running East & West through the Valley,

very respectfully yours

F. M. Officer
