To the Hon. County Court of Union County and State of Oregon:-

We, the undersigned viewers appointed to view out and locate a proposed County Road from Eagle Creek to Pine Valley, submit the following report:-

We met as directed in your order only two viewers being present, and after first being duly sworn, in company with the surveyor, proceeded to view, survey and lay out said road as directed, and as shown by the surveyor's report, submitted herewith.

We find the general route of the road to be the best that could have been selected for the convenience of the settlers, distance and expense of building. Taking into consideration the necessity that exists for a County Road through this section of the County not only for the benefit of the present settlers but as an inducement to those wishing to settle. It is our opinion that the road ought to be granted and all lawful aid expended to open it up to travel as soon as possible.
