

NOTES:

1. Bearings are based on the original G.L.O. bearing of North for the east line of sections 1, 12, & 13.
2. There is a red painted blaze line starting at the S.W. corner of section 12 and running to a point 28 feet North of the Southeast corner of section 12.

- - denotes Brass Cap
- - denotes found corner
- (ch.) - denotes G.L.O. distance
