

NARRATIVE

This survey was performed at the request of Mrs. Clara M. Schroeder to establish monument and describe certain internal division lines of property owned by Mrs. Schroeder. As requested, no attempt was made to locate the exterior boundary of Mrs. Schroeder's property. The exterior boundaries as shown on this survey map are based on existing deeds and are approximate. Monuments established by this survey near the exterior boundary of the Schroeder property are intended to control only the direction of the internal division lines and do not represent the location of the exterior boundary. Also, no attempt was made to correlate any lines of occupation which may existing on the ground with the various deed references.

Certain discrepancies exist between the stated distance and the distance as calculated from the identical description along the northerly lines of property described in Microfilm Document 73972 and the westerly line of property described in Microfilm Document 74403. These discrepancies have been noted on this survey map.
