- ( ) Record distance
- Existing fence line

**NARRATIVE**

This survey was ordered by Marilyn Muller. She wanted to locate the North line of her property for the purpose of building a fence. The North line of her property is the section line.

I established the line by driving a line between the section corner and the 1/16 corner established by the 1922 remonumentation. I also set 20d spikes (with lath alongside) at approximately every 50 feet along this line.

I find no problems on this survey.
