NARRATIVE

This survey was ordered by Vern Carpenter. Mr. Carpenter owns the surveyed parcel and the property to the East. He wanted to monument the West 125 feet, also reflecting the existing 30 ft. road easement on the South and the proposed 30 ft, road easement on the North. This area has been extensively surveyed. I base my survey on surveys shown in the reference material. I find no problems on this survey.

Solar observation taken at the Northwest corner of Section 19, Township 4 South, Range 40 East of the Willamette Meridian
