### NARRATIVE

This survey was ordered by John Riley, who is partitioning the above 1.057 acre parcel from a larger parcel which was located by survey number 69-79. I determined the dimensions of the new parcel so as to correspond with the partition request signed March 18, 1983. I find the conditions the same as shown on survey number 69-79.

Fnd unrecorded railroad spike set by Anderson Perry & Assoc. as a replacement for 1" bolt destroyed by sewer construction
