NARRATIVE

This survey was ordered by Gene Walker for the purpose of legalizing an existing road right of way. Union County ordered Mr. Walker to have the existing road surveyed along the traditional route, and Union County will pursue the legal aspect of legalizing the right of way on the basis of public use and maintenance by Union County. I locate the road as it exists and split the traveled way for the center line. A 60 foot right of way is established, 30 feet on each side of the center line. I find no other problems with this survey.
