

BASIS of BEARING

The recorded bearing from the West 1/4 corner of Section 35 to the NW corner of Section 35 as shown on map of survey number 31-80, as filed in the office of the Union County Surveyor.

NARRATIVE

This survey was made at the request of Boise Cascade Corporation to locate and establish the C-W 1/16 and the West 1/16 corners in Section 35 as shown hereon. I based on Surveys 31-80 and 4-80 as noted. I broke the section in the standard manner as set forth in the BLM Manual. I found no unusual conditions.
