

BASIS of BEARING

Forward bearing as published by the U.S.C. and G.S. from Δ COLLEGE to Δ VALLEY Dated 1946.

NARRATIVE

This survey was made for Harold Rogers to locate and mark the corners of lots 21 and 22 in block 143 of Chaplin's Addition to LaGrande. I found the intersection markers as shown. I placed the East line of said block 143 on the basis of the position determined in survey 10-86. I placed the intersection of depot and "X" at the mid point between Depot and "W" and Depot and "Y". I found no unusual conditions.
