LEGEND

- Found monument as described, as per Union County Monumentation Records
- Set 5/8"x30" iron pin with plastic cap marked "BGB SURVEY MARKER"
- Centerline
- x-x- Existing Fenceline

NARRATIVE

This survey was done at the request of Roger Henderson, owner of one of the tracts involved in a boundary line agreement monumented by this survey. Mr. Henderson wanted to define the property line between his ownership and that ownership to the West (Buckner). The line was monumented at the direction of Mr. Henderson, who pointed out the location on the ground as agreed to by Mr. Buckner. The agreed line runs along an existing fence for the Northerly 1900+/- feet. The remaining course South is as directed by Mr. Henderson. The Northerly pin set by this survey is not intended to represent the North line of the South half of Section 18, but was set to provide direction along the agreed ownership line. The South line of Section 18 was established along the centerline of Coughanour Lane, as called for in the Union County Road records for County Road Number 614 (now No. 103). This petition and road survey calls the centerline of the road in common with the South line of Section 18. The petition also calls for a 40 ft. width, I therefore set a reference monument at the North right of way line of the road, 20 feet North of the centerline and the South line of Section 18. I have prepared legal descriptions for the agreement line. I find no unusual conditions on this survey.
