 dated December 1, 2014

NARRATIVE

This survey was done at the request of Roger Henderson. The purpose of this survey is to document a lot line adjustment between Parcels 1 and 2 of partition plat number 20140021T. After partitioning, it was decided to change the configuration of Parcel 1 to include additional area for a septic disposal system. I place the adjusted tract as per Mr. Henderson, who marked the positions as per the placement dictated by DEQ for the new system. I recover the monuments from the survey and partition shown. Since the time of the partition, survey number 012-2015 has monumented the section and quarter section corners along Coughanour Lane, which I show on this survey. I find no other unusual conditions on this survey.
