NARRATIVE

This survey was done at the request of Megan Morehead, owner of the acquiring land of this lot line adjustment. The purpose of this survey is to monument a lot line adjustment between Parcels 1 and 2 of Partition Plat 20060017. I recover monuments as shown hereon. I find that several monuments set by said partition missing. The extant monuments set by said partition I find to be considerably out of position compared to the record position of the plat. The record courses of the section break of said partition plat are harmonious with measured distances. I therefore reestablish the corners along the South line of the portion West of Valley View Road at record distances as per plat. I establish the West right of way of Valley View Rd by driving a line from the SE corner of Parcel 1 to the curve point 17.23 feet SE of the pin along West right of way line of Valley View Road along the North line of Parcel 2, set by Survey Number 030–1993. For the dividing line between the parcels, I rotate the bearings of the dividing line between the parcels to my basis of bearing. This calculation is for computing areas only, as this line will be irrelevant following this lot line adjustment. I find no other unusual conditions with this survey.

LEGEND

-) Found monument as noted, marked as per Union County Monumentation Records
- Found 5/8" iron pin with plastic cap marked BGA SURVEY MARKER, set by Survey Number 030-1993
- Found 5/8" iron pin with aluminum cap marked PLS 933, set by Partition Plat 20060017T
- Set 5/8" x 30" iron pin with 2 1/2" aluminum cap, marked as per Union County Monumentation Records, filed separately
- Set 5/8" x 30" iron pin with plastic cap marked BGB SURVEY MARKER
- Record measurement as per Partition Plat
- Record measurement as per Survey Number 030-1993
- 7 Record measurement as per Survey Number
