CONCLUSIONS

SB 48 with regard to Pretrial release reform was a large focus of LPSCC this year. The collaboration between agencies and this committee to implement this on time was a huge success. This implementation has been running smoothly and efficiently in compliance with the Chief Justice Order. Community funds were approved and modified for JRI and Treatment Court. Mental Health continues to be an issue in our community with little resources. Local Mental Health, Behavioral Health Court and community partners continually brainstorming to help assist with the escalating need to address public safety concerns as well as provide appropriate services for those in need.
